Subject: RE: Pima County Emissions Inventory - Final Files

Tom

We did not submit that EI data to EPA for inclusion into the 2014 NEIv2 dataset. What is in there is the EI data EPA developed. We had hoped to have our contractor compare their results to the 2014 NEI but that was not done due to funding constraints.

Hi, Ursula – I am working on review of the 2014 NEIv2 dataset from EPA for the western regional modeling platform for Regional Haze planning. Are the data below that you had sent me, what Pima County reported to EPA? Are these data in the v2 of the 2014 NEI for Pima County? If they were reported to EPA, I am assuming EPA let your staff check that the data were uploaded correctly to the EPA v2 dataset.

Thank you.

Richard and Mellanie,

Attached are the final deliverable files – the final inventory report (in both Word and PDF), a Response to Comments table, and the FF10 files (8 total).

We will be sending you the shapefiles early next week along with a small read-me file.

We will also be sending you our final invoice next week.

Please let me know if you have any questions or concerns.

Thanks in advance,

Marty
